

Proposed Rate Changes

Effective With Meter Readings On and After March 1, 2017

1. For ALL rates the Energy Efficiency Fund charge of \$0.0009/kWh has been incorporated into the Distribution Delivery Service kWh charge. (no change)
2. For ALL rate the Distribution Delivery Service kWh charge has been increased by \$0.002/kWh. (increase of \$2.00 per 1,000 kWh)
3. For ALL rates the Power Cost Adjustment has been reduced from \$0.02400 to \$0.01600. (decrease of \$8.00 per 1,000 kWh)
4. For ALL rates the Transmission, Ancillary and Energy Supply charges have been combined into one kWh and/or kW charge. (no change)

This is a net decrease for ALL rates/members.

For a residential members using 1,000 kWh per month the changes will result in an overall decrease of \$6.00
