Greenwood, DE 19950

Please contact us at grants@delaware.coop or 855-332-9090 for any questions.

GENERAL INFORMATION

Delaware Electric Cooperative is offering a \$750 rebate on electric golf carts, up to a total of \$7,500 total for 10 golf carts purchased.

In general, electric golf carts are more efficient than their gas-powered counterparts. This is due to the higher motor efficiency, lower mechanical losses, and less energy lost in the fuel supply chain. Electric golf carts have the potential to be even more environmentally friendly if they are powered with energy generated by renewable sources. In addition, electric golf carts are quiet, have comparatively low operating costs, and offer a smooth ride.

REBATE ELIGIBILITY

- Applicant must be a Delaware Electric Cooperative member.
- Golf carts must be charged at a location that is served by Delaware Electric Cooperative.
- Golf carts must be totally powered by electricity. Fossil-fuel powered golf carts are not eligible.
- Must be purchased by December 31, 2025.
- Golf carts must be new. Used golf carts are not eligible.
- The rebate amount may not exceed the purchase price.
- Golf carts must have at least 400lb carrying capacity.
- The rebate application must be received within 60 days of the golf cart purchase date.
- The units must be operated in accordance with manufacturer's specifications.
- Rebates are subject to approval and are contingent upon available funding.
- Rebate program subject to end without notice once allocated funds are encumbered.
