

RENEWABLE ENERGY RIDER
SCHEDULE RER

1. AVAILABILITY

This rider is available to all member-owners taking service to all rates in effect as of June 1, 2006.

2. MONTHLY RATE

Renewable Energy will be sold in blocks of 100 kWh (1 block = 100 kWh). The minimum purchase shall be one block. There is no maximum limit on the purchase of Renewable Energy though the Cooperative reserves the right to limit purchases based on availability.

The block rate will be charged monthly to the member-owners bill for each block contracted for and is in addition to all costs as calculated in the applicable tariff.

Effective June 1, 2006 the price per 1 block (100 kWh) will be \$0.20.

The cost will be subject to market conditions and will be reset annually on June 1.

3. ELECTRIC SUPPLY SERVICE

The Renewable Energy rider shall only be available to member-owners taking electric supply service from the Cooperative.

4. CONTRACT AND TERM

Service under the RER shall be for a period of not less than one year commencing on June 1 and ending May 31. For a period of not less than one (1) month prior to the start of the contract term member-owners shall have the opportunity to contract for the next available RER.
